Landlord Continuity Bonus

Our hope is that you will continue to partner with us!

To show our appreciation for your long-term commitment of supporting our community, we've launched the "**Landlord Continuity Bonus**."

How does it work?

Simply rent to another participant from any of our housing programs within 60 days. That's it. By doing so, you'll potentially receive up to one additional month contract rent payment.

Without landlords like you, there'd be no housing program.
